APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application,  
 and do hereby grant the same, subject to the following limitations and  
 conditions: This permit is issued subject to all prior rights on the source.  
 It is understood that the one cubic foot of water per second  
 herein granted is only a temporary allowance and that the final water right  
 obtained under this permit will be dependent upon the amount of water  
 actually placed to a beneficial use. A suitable measuring device must be in-  
 stalled and accurate measurements of the water placed to a beneficial use  
 must be included in the proof of beneficial use when filed. The State re-  
 serves the right to regulate the use of the water herein granted at any and  
 all times. It is distinctly understood that applicant agrees to the terms  
 herein contained.

The amount of water to be appropriated shall be limited to the amount  
 which can be applied to beneficial use, and not to exceed 1.0  
 cubic feet per second.

Actual construction work shall begin on or before July 7, 1925

Proof of commencement of work shall be filed before August 7, 1925

Work must be prosecuted with reasonable diligence and be completed on or  
 before July 7, 1927

Proof of completion of work shall be filed before August 7, 1927

Application of water to beneficial use shall be made on or before

July 7, 1928. Proof of the application of water to beneficial

use must be filed with State Engineer on or before August 7, 1928
